Dear Faithful Clients and Supporters,

We are closely monitoring the coronavirus (COVID-19) situation within our community. We understand that in times of crisis, the most vulnerable are those who struggle with trauma and other mental health issues. Safe Harbor Counseling Center is committed to providing a safe and clean atmosphere for our clients during the healing process.

**Safe Harbor's commitment during this time:**

Both of our office locations, Weatherford and Azle, are open and operating normal business hours during this time. Our counselors and administrative staff are available for anyone in need. Out of an abundance of caution on a daily basis, we thoroughly sanitize our facilities including common areas, counseling rooms, restrooms and all doorknobs. Hand sanitizer is available for your convenience.

We will continue to monitor and comply with the guidelines of relevant federal, state and local agencies. Should guidelines change, we will adjust operations and procedures accordingly. We will remain in contact with our clients and supporters to inform of any changes to our operations.

**How you can help:**

As a dedicated supporter and donor, you can continue to help support our organization to ensure we are able to provide services for all of our clients with trauma and mental health issues during this time of crisis. Support can be given online through our website, in person, or by mail. We greatly appreciate your monetary and supply donations to help our nonprofit continue to operate.

If you are a client seeking services, please be diligent in washing your hands and attention to other personal hygiene and health matters. Social distancing helps prevent the further spread of COVID-19, the flu and other health issues. If you are experiencing any flu-like symptoms such as coughing or fever, please contact our main office to cancel your appointment. Our phone number is (817)441-9345. In addition, we urge you to seek medical attention if you are experiencing any symptoms.

We greatly appreciate your support and prayers during this crisis. It is essential that Safe Harbor Counseling Center continues to provide quality mental health counseling services to the most vulnerable of our community during times of crisis. We are stronger together as a community united.

Serving Him,

Dr. Ruth Goodwin  
Clinical Director/CEO

Joshua 1:9 – "Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the Lord your God will be with you wherever you go."
